## Referral Program

Tri-City Christian Academy offers an incentive for our current families that refer new families to our school. We want to welcome more families, who understand and appreciate the benefits of a quality Christian education, into our growing and diverse TCCA community.

A new family presenting this form with their application, will result in the referring family receiving a monthly tuition credit. The tuition credit will be up to \$500 for a one student family referred, and up to a \$1000 for a two or more student family referred. It will be applied over the 10 month school year, according to the months the referred students are enrolled.
