Dear Friend of TCCA,

Our school has been blessed by many families from other countries, who recently have become contributing members of the Tri-City Christian Academy community. In some cases these families have endured great hardship in relocating to our area, but they have still managed to make Christian education a priority for their children.

Sadly many families in similar circumstances lack full documentation to legally enroll into our school and give their children the blessing of an education based on the Bible. In order for us to welcome these families into TCCA, we must first become certified as an "F-1" school with Immigration and Customs Enforcement (ICE) in the Department of Homeland Security.

We want to achieve this certification so we can welcome these immigrating families into our school; however a \$2,300 application fee is a prerequisite requirement for this certification. With budget constraints forcing us to economize in every expense area, we are not able to pay this expense from our school's general operating budget.

Would you be willing to prayerfully consider having a part in making the dream of a Christian education possible for any number of families coming to us? If you would be willing to help with all, or a part of, this \$2,300 need, please contact me (603 692-2093) for additional information. You can help expand TCCA's welcome to families of all faiths – and even families of all nationalities!

Sincerely in Christ,

Paul T. Edgar
Administrator

PS: All donations to Tri-City Christian Academy are fully tax-deductible.
